

Pathogen Genomics Centers of Excellence Network: Tools Seminar Series

*Showcasing innovative genomic tools
for public health application*

Explore innovative tools and pipelines built
across the PGCoe Network.

When

October 2026-August 2027

*No December session

Last Tuesday of each month

3:00-4:00 PM ET

Where

<https://zoom.us/j/96297904000>

Who Should Attend

Public health laboratorians, genomic
epidemiologists, and bioinformaticians - or
anyone interested in genomic solutions for
public health

Questions?

Contact Ludy Carmola

(ludy.carmola@uga.edu) or Melissa

McDonald (ilo3@cdc.gov)

Monthly Session Topics

Each 1-hour session will highlight tools,
workflows, or pipelines developed by
PGCoe partners.

Oct 2026 - Pathogen-Specific workflows

Nov 2026 - Molecular Epidemiology Part 1

Jan 2027 - Wet Lab Protocols

Feb 2027 - Molecular Epidemiology Part 2

Mar 2027 - Healthcare-Associated Infections

Apr 2027 - Data Subsampling

May 2027 - Metagenomics

Jun 2027 - Molecular Epidemiology Part 3

Jul 2027 - Data Management

Aug 2027 - Data Visualization

Schedule subject to change
